

1. The .rfa file includes both the standard and opposite handing of the MRXBOX-ECO5-AECV unit. Once inserted, the opposite hand unit can be accessed from the properties window. The MR-ECO-COOL-V cooling module is already in-place on top of the MVHR unit and will appear in schedules as a separate item.

This model includes the following user options in the '**Model Properties**' category in the **Properties** window

Model Properties	
Show Access Clearance	<input checked="" type="checkbox"/>
Show Floor Stand	<input type="checkbox"/>
Show Wall Bracket	<input type="checkbox"/>

2. '**Show Access Clearance**' allows you to show or hide the access clearance transparent area of the model. This clearance area will still affect collision detection when turned off.

Show Access Clearance ☒

Show Access Clearance ☐

3. Ticking '**Show Floor Stand**' will make the matching floor stand appear in-place, should you require it. (item code: ECO5-AE-1Z-STND). This will appear as a separate item in schedules.

4. Ticking '**Show Wall Bracket**' will make the matching wall bracket appear in-place should you require it. (item code: 7713882). This will appear as a separate item in schedules.

**NOTE:** Neither floor stand nor the wall bracket will appear if both the floor stand **and** wall bracket tick boxes are ticked as these are not suitable for use at the same time. Please only tick one at a time.
